BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Norway people recommend Doan's Pills. Read this case.

Mrs. G. D. Frost, 6 Tucker St., says: "Doan's Pills helped me wonderfully and I take pleasure in recommending them. My back gave me trouble and there seemed to be a deep seated pain across the center of my back. My kidneys didn't act regularly and in other ways showed signs of disorder. As Doan's Pills had been used in the family with good results, I decided to try them and sent to Noyes Drug Store and got a box. After using them, the trouble left me entirely."

Fryeburg

Fryeburg Academy Notes

The house party given by the young ladies of the Alumni House to the students of Frye House was a very enjoyable affair. The decorations, games, music and refreshments were all in keeping with Halloween week.

On Monday, the Republican Rally at Assembly Hall was attended by the faculty and student body. Chairman of Committee, Mariner Thompson, spoke in a very convincing manner of the merit and grand deeds of the Republican party, afterwards introducing Miss Ruth Gaffner, who held the attention of all by her forceful remarks. She was followed by Delbert Bosworth, who showed very plainly that Coolidge and Davies would be the right men, the best men for the place. Tuesday afternoon there will be the Democratic Rally and Wednesday the La Follette Rally, and as there are able speakers for all three of the Presidential candidates no doubt their agreements will be as convincing as those already heard.

The Fryeburg football team, on Oct. 25, won a hard fought battle from Brighton High by the score of 12 to 7.

Wallace Nutting's famous lecture, "New England Homes," illustrated by Stereopticon views was given before a large audience on Monday evening. It was attended by many of the Academy students.

Moore's Won't Leak

Price \$2.50 and up

The principle which makes this pen non-leakable is the method of sealing the reservoir by a hard rubber cone. By the employment of a screw-thread at the mouth of the barrel which engages another thread in the cap the pen is made bottle-tight. It can be carried in any pocket, hand-bag or traveling case without danger of leaking. When you put the stopper in a bottle and a cap to hold it in place, you know it cannot leak. This result expected by theory is proven in practice. The Moore Non-Leakable Pen cannot leak for it is

RESOLUTIONS OF RESPECT

Once again the pearly gates are opened and our Heavenly Father has seen fit to suddenly remove from our midst our beloved brother Albert L. Hutchinson, while it is hard to understand why our Brother was called so early in life to leave a much loved home surrounded by a devoted wife and five little children, yet we bow to the Divine Will, realizing that it is "that knoweth best." For now we see through a glass darkly, but then shall we see face to face.

"If we could look beyond the gates so lately opened wide, And see the dear one's happiness, Upon the other side, Perhaps our grief would lighten grow, Our bitter tears less often flow, Our hearts more satisfied."

Resolved: That Julian Rebekah Lodge has lost a faithful and devoted member, and that the deepest sympathy of every member goes out to these sorrowing relatives, wife, children, mother and brother.

Resolved: That a copy of these resolutions be spread upon our records, a copy sent to the family, and to the Norway Advertiser for publication.

OLIVE L. GOLDTHWAITE,
JOSEPHINE W. DENNETT,
ANIELLA HUTCHINS,

Norway Grange

Norway Grange held its annual Fair and chicken pie supper, Oct. 24. The hall was very prettily decorated.

All the tables were well patronized in the afternoon and early evening. The dining hall looked very attractive to the crowd waiting for supper.

At 6.30 a bountiful chicken pie supper, with all the fixings, was served. Mrs. Emma Swan was chairman of the committee and Mrs. Lydia Abbott had charge of the dining room. After supper, worthy Master E. H. Brown announced the names of those holding the lucky number and the awards: Grange quilt, No. 1, Mrs. Harry Jackson; Grange quilt, No. 2, Mrs. Archie Godwin; Rhode Island Red rooster, Geo. Richardson; bushel of potatoes, Mrs. Willard Buck; waste basket, Ossie Hill; silk kerchief, Mrs. E. H. Brown; box of chocolates, Winona Young.

The Grange realized a goodly sum for its treasury and much credit is due Mr. Brown, the master of the Grange.

Norway Grange has been invited to join the Paris Grange on Nov. 1st for appropriate anniversary observances.

Farm Bureau

Miss Edna M. Cobb, the Clothing Specialist from the University of Maine, will hold a three days clothing school at Norway Grange Hall, Nov. 3-5.

Miss Cobb will be assisted by Miss Gladys Pratt, who has recently accepted the position of Home Demonstration Agent of Oxford County.

The one-piece dress will be the subject under consideration and the ladies will make dresses. Every lady is asked to bring her sewing equipment.

The school will open, Monday, Nov. 3 at 10 a. m. and all not solicited are to bring pastry.

Spent Bullet Hits Man

M. F. Gammon, while walking up Water Street, above the saw mill, last Monday, was struck in the right cheek by a bullet. From whence it came he does not know. It made a jagged cut in the flesh, bleeding profusely. A physician dressed it and now Frank is busy explaining how it happened.

Probably someone was using a rifle in Otway Grove squirrel hunting, and the bullet landed in Mr. Gammon's face. Though no report was heard.

Hunters with rifles should use great care in shooting. Rifles should not be used in the woods near the village.

That is the only safe way.

Judge Aretas E. Stearns of Rumford was a guest of Col. and Mrs. A. J. Stearns while attending court this week.

At a special town meeting held, Oct. 18, in the Opera House, a vote was passed to give the Women's Relief Corps No. 45, permission to erect a Soldier's Monument in Witherell Park. The town also abated the taxes on the real estate of the Norway Shoe Co. and that of the Saurborn Shoe Shop Co. for the present year.

Walter Chandler: "I heard about a Sunday School teacher in West Paris who told the boys and girls they would sing 'Showers of Blessings.' A little chap objected. 'Let's sing Tain't Goin' to Rain No Mo.'"

to be used with camphor to relieve the troubles of an expectant mother. She was preparing to heat the mixture when the officers appeared. Evidence disclosed the fact, the respondent and family were living with Mrs. Belanger's mother, Mrs. Joseph Dionne, who leased two stores in the block and conducted a lodging house. According to Mrs. Belanger, the wine was four years old and not used, while the "emphes" were left there by the roomers and removed to the shed where found. Not guilty was returned by the jury after a brief conference.

Milk Tests

Sample of milk secured by the State inspector from the herd of H. R. Bennett, taken from the team on the route shows the following analysis: Clean, no sediment, Butter fat 5.20; solids not fat 9.31; total solids 14.51. The State has tested the herd for Tuberculosis and find them free from this disease.

Geo. M. Bachelder: "The State has inspected the milk from my herd and the card returned as follows: Butter fat 5.04, Standard calls for 3.25. Total points 14.02, Standard calls for 11.75. Making test 227 points above standard and also clean. The inspector has a bad habit of not letting it be known when he is coming so it is pretty hard to fix up a sample for him. He stopped me one morning on the street and bought a bottle of milk out of my truck. We had just had our herd Tuberculin tested and found all O. K."

Walter S. Butters Seriously Injured
A terrible auto accident happened, Saturday at the top of Sampson Hill in Waterford. Walter S. Butters of Stoneham was driving his Ford when it skidded across the road against the bank tipping over and pinning Mr. Butters under the car, where he lay but a short time. Ransom Grover found him and tipped the car off from him. Other help soon came and he was taken to Norway, to his daughter's Mrs. W. G. Conary's. His head was badly cut and bled profusely.

Three physicians were called to the home and found that Mr. Butters had sustained a fractured skull, several broken ribs and temporary paralysis. His body was covered with cuts and bruises. For several days his condition was critical and no hope given for recovery. Late reports show he is improving and has more than an even chance.

Joe Dubey: "I won't dig the ground after it's froze. That is settled. Those who expect water put into their houses must have it done before the ground freezes."

W. H. Buck of Norway Lake called in Monday and in the course of conversation he said that he and his family dined on peas right out of the garden, Sunday. Two weeks before they enjoyed a mess from the same vines. These are the Champion England peas planted late in the season.

Mr. Bingham is a manager of experience and will keep the shows in Norway, South Paris and Oxford up to the high standard obtained by Mr. DeCroteau.

BATES—WEST PARIS

Two Fires
The alarm of fire sounded forth on two successive days, both of which came near being serious affairs. The first was in the early afternoon of last Wednesday when the roof of Dexter W. Gray's house caught fire, it is thought, from a spark from the R. R. engine as there was no trouble around the chimney.

Little Gordon Emery, scarcely five years old, son of Mr. and Mrs. Carl Emery, discovered it and told his mother to "come and see the house all afire."

Mrs. Emery hurried to give the alarm and then went to the house to tell Mrs. Gray, who was in the house and did not know it.

The firemen quickly gathered and put it out without any great damage except a small hole in the roof and some water damage. Mr. Gray was sick in bed with neuritis at the time and J. W. Cummings, in the first floor rent, just returned from the hospital.

The second alarm sounded about nine o'clock, Friday morning, and the fire was in the rent over Haines' Meat Market. Margaret Peabody, who lives in the other rent over S. T. White's drug store discovered the smoke when she went out into the hall. This is thought to have caught in a closet by some combustible substance. The hose and fire apparatus were already on the ground, being left there to dry out from the previous fire and although the pent up smoke seemed to come through the shingles all over the building, the fire was only in one small part and was soon under control. Everything in Haines' shop was carried out and saved. The rent over him was occupied by Mrs. Mary Cooper Austin, who is away most of the time and was away when this happened. Her goods are practically ruined by fire and water.

The drug store occupied by S. T. White was damaged considerably by fire and water. The rent over the store occupied by Geo. Young was drenched with water, except one room, the kitchen, which was in the rent. Geo. Tull, who was loading apples, was the first man on the roof in both fires.

The corner building is the oldest store in the village and is owned by a syndicate of five men and it is not yet decided whether they will rebuild in the spring or not. In the meantime S. T. White will occupy his store as before and the meat market will probably be patched up for the winter.

PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children which I should think were worth thirty thousand dollars to any man."

A family is indeed a golden investment and needs the same protection and care that any investment requires.

For three generations the editors of The Youth's Companion have felt the same responsibility to the families of subscribers as if these families were their own. In taking a subscription they have accepted a trust; they have done their part to see that the family investment increased in value through the development of character and a taste for the good things in life.

The 52 issues of 1925 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

ALBANY

Hunt's Corner and Vicinity

Another pleasant evening was spent at the vestry, Thursday evening. Our Circle was glad to welcome friends from Norway, Bethel, Waterford and Portland. Mrs. Lothrop of Portland gave a pleasing entertainment by singing many delightful selections. Her beautiful voice was enjoyed and appreciated in Albany as much as in Portland. The Misses Edith and Adella Cummings gave an original dialogue with local hits which caused lots of merriment. A vote of thanks was given by the Circle to L. J. Andrews and Calvert Fullerton for making us such nice book shelves and setting up our stove which we found a great help in getting supper ready quickly.

The next Circle will be held November 7, Friday evening, instead of Thursday, as Mrs. Ives expects to be with us that evening to hold a service after the Circle supper and program. All those who have had the privilege of listening to Mrs. Ives this summer are assured that whatever the subject on which she speaks it will be interesting and helpful.
